

Amendments to the Claims

What is claimed is:

1. **(Original)** A method for selecting a qualification form from a group of qualification forms that address at least one of a financial service and product, comprising: filtering qualification forms automatically with first selection criteria; and filtering qualification forms remaining after automatic filtering with second selection criteria.
2. **(Original)** The method of claim 1, wherein filtering qualification forms automatically further comprises filtering in response to receiving a qualification form transmitted electronically by a consumer.
3. **(Original)** The method of claim 1, wherein filtering qualification forms remaining after automatic filtering with second selection criteria further comprises receiving the second selection criteria from a financial service provider.
4. **(Original)** The method of claim 1, wherein filtering qualification forms automatically further comprises tracking those qualification forms that did not receiving a threshold number of offers from one or more financial service providers.
5. **(Original)** The method of claim 1, further comprising employing first selection criteria that is different from the second selection criteria.
6. **(Original)** The method of claim 1, further comprising employing first selection criteria that is more conservative than the second selection criteria.
7. **(Original)** The method of claim 1, further comprising selecting qualification forms individually from a group of qualification forms.
8. **(Original)** The method of claim 1, wherein the at least one of a financial service and product

comprises one of a small business loan, a commercial mortgage, a first mortgage, a second mortgage, a car loan, a student loan, a personal loan, a credit card, a bank account, a stock brokerage account, and a retirement account.

9. **(Original)** A method for selecting qualification forms for providing one of a financial service and product, comprising: receiving selection criteria comprising parameters pertaining to information fields contained within qualification forums stored in a database; filtering the qualification forums with the selection criteria; displaying a list of qualification forms matching the selection criteria and organized based in accordance with the selection criteria; and receiving a selection of one or more individual qualification forms that are displayed.

10. **(Original)** The method of claim 9, further comprising receiving data for customizing the selection criteria.

11. **(Original)** The method of claim 9, receiving a request for purchasing the selection of one or more qualification forms.

12. **(Original)** The method of claim 9, further comprising identifying a qualification forum as purchased in a database containing a plurality of qualification forums.

13. **(Original)** The method of claim 9, further comprising restricting access to a qualification forum that has been purchased by a financial service provider.

14. **(Original)** The method of claim 9, further comprising restricting access to a qualification forum such that only one financial service provider can purchase a qualification forum.

15. **(Original)** The method of claim 9, wherein the at least one of a financial service and product comprises one of a small business loan, a commercial mortgage, a first mortgage, a second mortgage, a car loan, a student loan, a personal loan, a credit card, a bank account, a stock brokerage account, and a retirement account.

16. **(Withdrawn)** A method for selling qualification forms over a computer network comprising: receiving parameters for customizing a search on a plurality of qualification forms stored in a database; conducting the search on the plurality of qualification forms stored in the database based on the received parameters; organizing qualification forms matching the parameters based on the parameters; displaying the qualification forms matching the customized search; and receiving data for marking one or more qualification forms for purchase.

17. **(Withdrawn)** The method of claim 16, wherein displaying the qualification forms matching the customized search further comprises displaying a portion of information contained in the qualification form.

18. **(Withdrawn)** The method of claim 16, further comprising: confirming a purchase of one or more qualification forms; and making all information contained in the one or more qualification forms available after confirmation of purchase.

19. **(Withdrawn)** The method of claim 16, further comprising: confirming a purchase of one or more qualification forms; and making contact information contained in the one or more qualification forms available after confirmation of purchase.

20. **(Withdrawn)** The method of claim 1, wherein the qualification forms contain data pertaining to one of a financial service and financial product, the financial service and product comprising at least one of a small business loan, a commercial mortgage, a first mortgage, a second mortgage, a car loan, a student loan, a personal loan, a credit card, a bank account, a stock brokerage account, and a retirement account.

21. **(Original)** A method for identifying a financial service provider for a business transaction, comprising: receiving selection criteria from a financial service provider; receiving qualification form data from one of a qualification form applicant and financial service provider; and automatically applying the selection criteria to determine if the qualification form data falls

within the selection criteria.

22. **(Original)** The method of claim 21, wherein receiving qualification form data from one of the qualification form applicant and financial service provider further comprises receiving a credit score about the qualification form applicant from a credit agency.

23. **(Original)** The method of claim 22, wherein receiving a credit score about the qualification form applicant from the credit agency further comprises receiving a Fair Isaac Credit Score concerning the qualification form applicant.

24. **(Original)** The method of claim 21, wherein receiving qualification form data from one of the qualification form applicant and the financial service provider further comprises receiving a field of information that is part of a qualification form.

25. **(Original)** The method of claim 24, wherein receiving the field of information that is part of the qualification form further comprises receiving at least one of a social security number, address, phone number, e-mail address, state of residence, and income of the qualification form applicant.
